Approved science-based target

The Science Based Targets initiative has validated that the corporate greenhouse gas emissions reduction target(s) submitted by

Miele & Cie. KG

have been deemed to be in conformance with the SBTi Criteria and Recommendations (version 4.2). The SBTi's Target Validation Team has classified your company's scope 1 and 2 target ambition and has determined that it is in line with a 1.5°C trajectory.

The official target wording is:

German manufacturer of household and commercial appliances Miele commits to reduce absolute scope 1 and 2 GHG emissions 50% by 2030 from a 2019 base year. Miele also commits to reduce absolute scope 3 GHG emissions covering the use of sold products 15% over the same target period.
